MALE SPEAKER: Human life. The momentary wonder that makes us unique, beautiful, and yet vulnerable. AUTOLIV is here to keep it safe. We are present all over the world. A quiet companion for human beings that interact, move, explore. On each and every road, we deliver them safely at their destination. This is the unquestioned duty of the automotive safety worldwide leader. The world is moving faster and faster. Time has become more expensive than ever. And it sometimes asks for the ultimate price. Constant innovation and state of the art automotive safety products are the ones that protect our health and lives. Through them we enable the world's means of transportation to think and act in favor of our safety. AUTOLIV means people taking care of people. But what drives us? What makes us push the boundaries of technology? Our tireless passion for saving lives keeps people out of harm's way. That is why the only way to go is forward. That is why most of the world's cars are equipped with an AUTOLIV product. Human life. The ultimate wonder that has brought us together. Let's keep it that way.
